Dear readers,

"EURAXESS – Researchers in Motion" is a European Commission initiative focused on researcher mobility and career development.

Among other activities, EURAXESS supports individual researchers in finding jobs or funding opportunities to make their research stay in Europe a reality.

On the EURAXESS Portal, we encourage you to consult the:

- EURAXESS Job database that lists thousands of vacancies from more than 40 European countries and other regions of the world.
- And the Funding database allowing you to search for the funding programme you need for your mobility or research cooperation project.

Please note that individual researchers from Brazil and other LAC countries can upload their CVs on the portal, register their searches and create alerts to be informed when a vacancy matching their profile has been published.

Funding organisations, including from Brazil and other Latin American and Caribbean countries can publish their jobs, funding opportunities and scholarships on the portal to increase their visibility and reach the best candidates worldwide.

To help you identify these opportunities, EURAXESS LAC regularly publishes open calls to fund researchers' mobility and cooperation with European teams. A novelty as from this edition, the list now combines funding opportunities open to both Brazil and other LAC countries. This edition is valid for June and July.

The jobs, grants and fellowships announced are organised by funding organisations (including private ones). In section 1, you'll find calls funded by the European Commission, in section 2, calls launched by individual EU member states or associated countries, and in section 3, calls promoted by LAC institutions open to researchers from Latin America and the Caribbean. In section 4, you'll find all the calls that were listed in previous editions of this document and that are still open.

We remain at your disposal to discuss any queries you may have regarding your mobility projects.

Your EURAXESS LAC Team
How to use this list of funding opportunities?

1. **Look at the table of contents** to identify the calls that may be relevant to you depending on whether they are incoming/outgoing, open to PhD candidates, post-docs, experienced researchers, are short or long term, the scientific field, country of destination, etc.
2. **Click on the corresponding page number** to read the full text.
3. If you are eligible, look for **more in-depth information** on the funding organisation’s website, by clicking on the blue title.
Contents

June 2018 | Issue 18 | Page 5 of 37
1.1 **Horizon 2020 – Work programme 2018-2020** and **List of calls particularly interesting for Brazil** and **LAC countries**!

The European Union’s Horizon 2020 Work Programme 2018-2020, including preliminary information on all calls to be launched until 2020 has now been published. **See HERE for calls specifically open to Brazil.**

**See HERE for calls specifically open to LAC researchers and institutions** (pages 11 and 12 of the «Roadmap for EU-CELAC S&T cooperation»).

**Horizon 2020** is the EU funding programme for research and innovation running from 2014 to 2020 with a €80 billion budget. **H2020** supports scientifically-excellent research, innovation, and technological development, through **collaborative and innovative research projects as well as grants and fellowships to individuals** set out in the Horizon 2020 work programme. The vast majority of this funding is allocated on the basis of **competitive calls open to applications from researchers, businesses and other interested organisations** located in any of the EU Member States or countries associated to Horizon 2020.

It is open to the world, so **Brazilian and LAC researchers** and institutions are very welcome to get involved.

The final Work Programme for Horizon 2020 covers the budgetary years 2018, 2019 and 2020, representing an investment of around €30 billion.

Access all open calls on the **Horizon 2020 Participant Portal** by entering the Topic ID of the call in the search engine (top-right corner of page).

**Organisations** from **any sector and country, including LAC countries** can participate in H2020 projects.

**Only organisations from the Bahamas, Barbados, Brazil, Mexico and Trinidad and Tobago** are not eligible for direct funding by the European Commission. It is suggested that Brazilian and Mexican organisations check their local co-funding schemes to support their participation (**here** for Brazil, and **here** for Mexico).

**Please, note that Latin American and Caribbean individual researchers** are eligible to funding by MSCA and ERC.

1.2 **European Innovation Council (EIC) prize for Early Warning Epidemics**

€5 million prize to find the best solution for setting up an early warning system for epidemics. It is one of six European Innovation Council (EIC) Horizon Prizes, which are part of the European Innovation Council pilot run under Horizon 2020.
The challenge is to develop a scalable, reliable, and cost-effective early-warning system prototype to forecast and monitor vector-borne diseases in order to contribute to the prevention of outbreaks, mitigating their impact on local, regional and global scales, and providing support to existing elimination efforts.

This prize is **open to all legal entities** (i.e. natural or legal persons, including international organisations) or groups of legal entities.

Deadline to submit applications: **1 September 2020**

### 1.3 ERC Advanced Grants (5 years research projects in Europe, all areas)

ERC Advanced Grants are long-term funding to pursue ground-breaking high-risk projects. They are designed to support excellent Principal Investigators at the career stage at which they are already established research leaders with a recognised track record of research achievements. This action is **open to researchers of any nationality** who intend to conduct their research activity in any European Member State or Associated Country.

The ERC's frontier research grants operate on a 'bottom-up' basis without predetermined priorities.

**Eligibility:** any nationality, any age. Applicants must be leaders in their respective field(s) of research and must demonstrate significant achievement in the last 10 years

**Location:** research must be conducted in a public or private research organisation (known as a Host Institution/HI). It could be the HI where the applicant already works, or any other HI located in one of the EU **Member States** or **Associated Countries**

**Funding:** up to € 2.5 million per grant (up to € 3.5 million in some cases)

**Duration:** up to 5 years

Sole evaluation criterion: scientific excellence of researcher and research proposal.

Deadline: **30 August 2018.** For more details on Advanced grants, see ERC website

**Important notice: Time to spend on the project**

Researchers applying for ERC-funding must be strongly committed to the project and spend a significant amount of time on it. However, it is not obligatory to spend 100% of your time in Europe whilst carrying out the ERC-funded research.

For Advanced Grants, the Principal Investigator should devote at least 30% of her/his working time to the ERC project and spend at least 50% of her/his total working time in a EU **Member State** or **Associated Country**.

### 1.4 European University institute (EUI, Italy) – incoming fellowships in social sciences and humanities

#### 1.4.1 Fernand Braudel Senior Fellowship

Fellowships last for **up to ten months** in one of the EUI's four Departments which in turn invite fellows to participate in departmental activities (seminars, workshops, colloquia, etc.).

---

**EURAXESS Latin America and the Caribbean**

**ERC grants** support projects carried out by an individual researcher ("Principal Investigator") who can employ researchers of any nationality as team members. It is also possible to have one or more team members located in a non-European country.

Check out our **Guide on how researchers from LAC can benefit from the ERC funding and cooperation schemes at** [http://bit.ly/FocusERC_CELAC](http://bit.ly/FocusERC_CELAC)

**Find the ERC National Contact Points in LAC here.**

---

http://ec.europa.eu/euraxess
Fellows are encouraged to make contact with researchers sharing their academic interests, may be involved in the teaching and thesis supervision tasks of EUI professors, and associated with one of the research projects being carried out at the EUI.

Departments with open calls for the current call:

- Department of Economics
- Department of History and Civilization

Deadline: **30 September 2018**

**1.4.2 Max Weber Fellowships for junior post-docs**

Max Weber fellowships are designed for junior post-docs who would like to pursue an academic career, concentrate on their own research and enhance their academic practice in a multidisciplinary environment. The Programme awards 1, 2, and exceptionally 3 year long fellowships in the fields of political and social sciences, economics, law and history.

WHO? Open to eligible applicants who are within 5 years from the completion of their PhD, from anywhere in the world,

Deadline: **18 October 2018**

**1.4.3 Jean Monnet Postdoctoral Fellowships**

To carry out one year research (renewable once) at the Robert Schuman Centre for Advanced Studies (RSCAS) in one of the following Centre’s main research themes:

- Integration, Governance and Democracy;
- Regulating Markets and Governing Money; and
- 21st Century World Politics and Europe.

WHO? Open to scholars who have obtained their doctorate more than 5 years prior to the start of the fellowship, i.e. 1 September 2018 for the academic year 2018-19.

Annual deadline: **25 October**.

**1.5 European Southern Observatory (ESO) fellowships and studentships**

The European Organisation for Astronomical Research in the Southern Hemisphere - European Southern Observatory (GERMANY, CHILE) offers the following opportunities:

- **Postdoctoral Fellowships** offer outstanding early-career scientists the opportunity to further develop their independent research programmes in an exciting scientific environment with close contact to the activities and staff at ESO. Duration: 3-4 years

Deadline: **15 October 2018**.

- **ESO Studentship Programme**: These positions are open to students enrolled in a university Ph.D. programme, preferentially but not necessarily in an ESO member state in astronomy or related fields.

Students accepted into the programme work on their doctoral project under the formal supervision of their home university, but they come to ESO to work and study under the co-supervision of an ESO staff astronomer, normally for a period of between one and two years. Studentships may be hosted either at ESO's Headquarters in Garching (Germany) or at ESO's offices in Santiago

List of ESO member states.

Occasionally postdoc or graduate student positions are opened for some specific projects. These are announced on the ESO recruitment page.

http://ec.europa.eu/euraxess

June 2018| Issue 18| Page 8 of 37
(Chile), where up to two positions per year are provided for students enrolled in South American universities.

Deadlines: 15 November 2018; 31 May 2019

1.6 **CERN fellowship programme** (Incoming)

The European Organisation for Nuclear Research (CERN) Fellowship Programme allows graduates from universities or technical institutes in a wide range of applied sciences, computing and engineering to boost their careers in one of the largest scientific experiments in the world, at the cutting edge of technology, developing their technical skills, knowledge and expertise.

CERN offers different categories of fellowships in line with different levels of education and experience. Those currently open are:

- **Senior Fellowship**, for PhD holders or researchers with at least four years’ experience post-MSc (or equivalent diploma which gives access to doctoral programmes), and a maximum of 10 years’ experience.
- **Senior Research (Theoretical & Experimental Physics) Fellowship**, for researchers in the fields of theoretical and experimental physics holding a PhD and up to ten years’ experience in their field.
- **Junior Fellowship**, for nationals of Member or Associate Member States with a BSc or MSc degree and no more than 4 years’ experience after completing your highest diploma.
- **Post Career Break Fellowship**, for researchers with the profile of either a Junior or Senior Fellow and have been on a career break for personal reasons (for example for family or caring responsibilities, health issues) for at least two years.
- **Non-Member State Postdoc Fellowship Programme (Theoretical Physics)**, for researchers who are not nationals of a CERN Member State with maximum of 10 years’ research experience after completion of MSc or equivalent and a PhD in Theoretical Physics.

CERN also participates in Marie Skłodowska-Curie Actions which fund individual fellowships. All open opportunities are listed on CERN website [here](http://ec.europa.eu/euraxess).

**Deadlines for all programmes:** 3 September 2018

1.7 **EMBO Fellowships on Life Sciences** (incoming / outgoing)

The European Molecular Biology Organisation (EMBO) brings together more than 1800 leading researchers within 29 Member states and promotes excellence in the life sciences.

1.7.1 **EMBO Long-Term Fellowships**

Support up to two years postdoctoral research visits to laboratories throughout Europe and the world (no restriction). International exchange is a key feature in the application process. Applicants should possess a doctoral degree.

Deadline: applications are accepted throughout the year, with 2 cut-off dates on the second Fridays of February and August.

1.7.2 **EMBO Short-Term Fellowships**

fund research visits of one week up to three months between laboratories in EMBC Member States, Associated Member States or Cooperation. In LAC, the only eligible country is Chile.
The aim is to facilitate valuable collaborations with research groups applying techniques that are unavailable in the applicant's home laboratory.

Applicants must be active researchers at any stage in their career with a minimum of one year of research experience at the PhD-student level. On completion of the fellowship applicants must return to their home laboratory for at least six months.

Deadline: **rolling basis**

1.8 **EURAXESS Jobs**

There are currently around **10741 research job positions** (all over Europe, but also in other countries and in all disciplines) announced on the EURAXESS Jobs database. Opportunities can be viewed by country, level of seniority, field or research or via free text searches.

Please note that these jobs also include **doctoral positions**, including those funded by the Marie Skłodowska Curie Actions (MSCA – ITN & Cofund) and by the European Research Council (ERC).
2 EU Member States and Associated Countries

2.1 National EURAXESS Portals

The latest information on open calls for national grants and fellowships in the 40 member countries of the EURAXESS network can be accessed on the respective national EURAXESS portals:

- Austria, Belgium, Bosnia-Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Faroe Islands, Finland, France, Macedonia, Germany, Greece, Hungary, Iceland, Ireland, Israel, Italy, Latvia, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey, UK.

2.2 AUSTRIA (OeAW) – JESH Joint Excellence in Science and Humanities for researchers from 21 LAC countries (Incoming, short term)

Projects funded within the framework of JESH must reinforce the research landscape in the recipient's country of origin. Joint research activities are intended to increase chances of securing third-party funding by international funding institutions such as the ERC, to name just one example. Successful JESH projects contribute to the establishment of sustained relations between scholars in Austria and the focus countries and to the further development of international research cooperation in their particular field of research.

ELIGIBILITY

Open to scientists who completed their PhD / doctoral degree within the last 10 years and are affiliated to a university or non-university research institute in one of the 21 focused LAC countries listed in left column.

Eligible Austrian institutions are all OeAW research units and institutes of Austrian public universities.

DURATION: Research visits in Austria between a minimum of 2 months and a maximum of 6 months can be financed.

Deadline: 2 July 2018

2.3 BELGIUM - BAILLET LATOUR Health Prize Call for nominations

This personal award is intended to recognize outstanding scientific achievements in biomedical research for the benefit of human health and to encourage the laureate in the pursuit of his/her career. The Prize is open to scientists of all nationalities who have not received an equivalent Prize for their personal use.

Exceptionally, the Prize may be shared between two persons who have collaborated over a long period. The laureate will be selected by an international Jury in February 2019.

The themes for the following years will be Metabolic Disorders (2020), Infectious Diseases (2021), Neurological Diseases, Cancer.

Deadline: 30 September 2018
2.4 DENMARK – **Industrial PhD and post doc Programmes (Incoming)**

The Industrial Researcher Programme invests in **Industrial PhD and Postdoc projects**. In both project types the candidate is employed in a private company and enrolled at or collaborates with a public sector research organisation. The candidate works on the same project at both places. Innovation Fund Denmark invests in research projects within all research fields, provided the research project is of a high quality and is commercially relevant to the company.

An **Industrial PhD candidate** must hold a master's degree.

An **Industrial Postdoc candidate** must have obtained a PhD degree within the past five years.

It must be the project’s company supervisor/mentor who creates the application.

Deadlines for Industrial Postdoc and reg. Industrial PhD: 25 September 2018; Public sector Industrial Researcher projects: 9 October 2018

2.5 FINLAND – **EDUFI fellowships** (incoming)

The EDUFI Fellowships programme is open to young Doctoral level students and researchers from all countries and from all academic fields. However, when decisions on scholarship are made, emphasis is given to applicants from Russia, China, India, Chile, Brazil and North America.

The primary target group in the EDUFI Fellowship programme are such Doctoral level students who will be doing their Doctorate (or Double Doctorate) at a Finnish university. Visiting Doctoral-level students and researchers who are doing their Doctorate degree at some foreign university can also be considered eligible, provided that the motivation letter of the hosting Finnish university department presents exceptionally good grounds for such an application.

The scholarship period may vary from 3 to 12 months.

Applications may be considered at all times. However, applications should be submitted at least 5 months before the intended scholarship period.

2.6 FRANCE – **INRIA International Chairs (Incoming)**

Funding for long stays by eminent international researchers in INRIA’s project teams.

Programme covers 12 months spread over 5 years.

For high-level researchers that have their main professional activity outside of France, can commit to spending 12 months divided in at most 5 periods during the chair holding period and can propose a work programme related to the hosting project-team.

During the visits at INRIA, the researcher has to give seminar or lectures to a large audience and to mention INRIA in any specific scientific production achieved at INRIA.

Deadline: 30 September 2018.
2.7 FRANCE (IRD) – Jeunes Équipes Associées à l’IRD Programme (JEAI) Global South including LAC

The « Jeunes Équipes Associées à l’IRD » (JEAI) programme is designed to promote and strengthen new research teams in developing countries including Latin America and Caribbean countries (LAC) through partnerships with IRD (Institut de Recherche pour le Développement) research units.

This programme promotes the set up and/or the strengthening of research teams in developing countries.

The ‘new team’ (Jeune Equipe) concept is to be understood from the point of view of its date of creation. There is no absolute link with the age of the team members. It is however strongly recommended that these teams include a significant amount of early career researchers.

Joint research and capacity-building activities with the partner research unit lead to build a collective scientific dynamic, the goal of which is to guarantee a long lasting research team.

Eligibility:
- Research team composed at least of three researchers
- Must be located in a developing country
- Must be associated with an IRD research unit that has research topics related to development

Funding: Up to €50 000 for three years
Deadline: 7 July 2018

2.8 FRANCE – PRESTIGE Postdoc programme (Incoming and outgoing)

The PRESTIGE programme, coordinated by Campus France, aims at fostering the international mobility of post-doc researchers.

Three mobility schemes are available:
- **Incoming**, allowing foreign researchers to carry out their post-doctoral research work in France;
- **Outgoing**, for researchers from France wishing to carry out a post-doctoral research project in another country;
- **Re-integration**, targeted at nationals of EU Member States or Associated Countries working in research for at least 3 years in another Third Country to come to France to further develop their career.

PRESTIGE is a co-financing programme, funding about 1/3 of the post-doc fellow's living, mobility and research allowance, while the remaining 2/3 are financed by another partner, either public or private.

WHO? Any post-doc level researcher in all scientific field complying with the Marie Curie Actions mobility rules may apply for funding through PRESTIGE programme. Furthermore, each applicant has to secure co-financing for his/her PRESTIGE mobility from the host organisation (for Incoming and Re-integration schemes) or sending organisation (for the Outgoing scheme).

Deadline: open all year long with four cut-off dates: 31/03; 30/06; 30/09, 31/12

Click on blue titles for more information.

http://ec.europa.eu/euraxess
2.9 FRANCE - L’Oréal-UNESCO For Women in Science International Awards Latin America 2019 edition

The 2018 edition of the Awards will designate five outstanding scientific researchers in the Life Sciences, working in one of each of the following regions: Africa & the Arab States, Asia-Pacific, Europe, Latin America, North America.

Each of the five Laureates will receive an award of €100,000.

Focus areas: Physical Sciences, Mathematics and Computer Science

Scientists around the world are invited to submit candidates for the L’Oréal-UNESCO Awards For Women in Science.

To be considered eligible for an award, it is necessary to be nominated in writing by an eminent scientist. Nominations can only be submitted electronically through the online platform.

This online registration platform will respectively enable you: to nominate candidates for the international awards or to participate in the different selection processes.

Deadline: TBC

2.10 GERMANY - Alexander von Humboldt Foundation Sofja Kovalevskaja Award (incoming)

The Sofja Kovalevskaja Award aims to support particularly promising young researchers from abroad. The prize allows you to spend five years building up a working group and working on a high-profile, innovative research project of your own choice at a research institution of your own choice in Germany. The Humboldt Foundation plans to grant up to six Sofja Kovalevskaja Awards annually. The award is valued at up to €1.65 million.

Core eligibility requirements are:
- Doctorate or comparable academic degree (Ph.D., C.Sc. or equivalent), completed with distinction less than six years prior to the application submission deadline.
- Cutting-edge academic achievements documented particularly by a comprehensive list of independent academic publications
- Support of the German host institution, evidenced by a detailed expert's report from the academic host as well as the host's agreement and the confirmation from the administration at the host institution.
- Two supporting expert reviews from academics (at the applicant's own institute or other institutes, where possible including some outside the applicant's country of origin).
- Language skills: scholars in the humanities or social sciences and physicians must have a good knowledge of German if it is necessary to carry out the project successfully; otherwise a good knowledge of English; scientists and engineers must have a good knowledge of German or English.

2.11 GERMANY - Postdoctoral Researchers International Mobility Experience (P.R.I.M.E.)

Postdoctoral researchers of all nationalities, who see their long-term career perspectives in Germany, will be given the opportunity to combine employment at a German university with a research stay abroad.

http://ec.europa.eu/euraxess
Funding is provided through an 18-month temporary job position at the selected German University, in which 12 months have to be spent abroad and 6 months (re-integration phase) at a German university. The re-integration phase is mandatory. The German university administrates the salary during the whole funding period.

Applications may be submitted before completion of the PhD. However, the PhD must be completed before the start of the funding period.

Deadline: 31 August 2018

2.12 GERMANY - [BAYLAT call for research projects (Incoming and outgoing)]

The Bavarian University Center for Latin America (BAYLAT) will be financing various new research and teaching projects between scientists from Latin America and the German state of Bavaria.

The programme offers financing of up to € 6,000 per proposal, in addition to covering travel and accommodation costs.

Proposals from all areas of knowledge will be accepted, including joint research projects, course design and joint projects to improve teaching.

New projects must be planned and implemented by the Latin American and Bavarian partner institutions. The best proposals with scientific excellence will be selected, offering prospects for lasting cooperation and involving young researchers.

Deadline: 24 July 2018

2.13 GERMANY (DAAD) – Development-Related Postgraduate Courses (EPOS)

The EPOS programme offers individual scholarships to participants from developing countries so that they may study development-related postgraduate courses at selected universities in Germany.

The scholarships offer foreign graduates from all disciplines and with at least two years’ professional experience the chance to take a postgraduate or Master’s degree at a state or state-recognised German university, and in exceptional cases to take a doctoral degree, and to obtain a university qualification (Master’s/PhD) in Germany.

What is supported?

Individual scholarships exclusively for Postgraduate courses in Germany that are listed on the "List of all Postgraduate courses with application deadlines" that include

- Depending on academic level, monthly payments of 750 euros for graduates or 1,000 euros for doctoral candidates
- Payments towards health, accident and personal liability insurance cover
- Travel allowance, unless these expenses are covered by the home country or another source of funding

Duration: 12 to 36 months (dependent on study programme)
2.14 GERMANY - KHK/GCR21 Research Fellowships in humanities and social sciences (incoming)

Proposals regarding 1) pathways and mechanisms of global cooperation and 2) global cooperation under conditions of polycentric governance are especially welcome.

The fully funded fellowships for up to 12 months are available to both senior and postdoctoral researchers across the humanities and social sciences (including also psychology, law and economics).

What is expected from fellows: A completed PhD; Personal research and publication in the Centre’s thematic areas; A contribution to the Centre’s own publications; Active participation in seminars and other Centre events; Collaboration with other fellows in interdisciplinary exchange; Work in residence at the Centre in Duisburg, Germany.

Benefits include: An intellectually stimulating and vibrant interdisciplinary learning community; Excellent infrastructure with fully equipped offices, library facilities, and administrative support (also with finding accommodation); Funds to organize workshops (subject to approval; workshops emerging from an interdisciplinary exchange with other fellows / colleagues at the Centre are preferred); Either a monthly stipend commensurate with experience or salary reimbursement to the home institution

Deadline: 15 July 2018

2.15 GERMANY (DAAD) - BRAZIL (Capes) – Call for doctoral scholarships in Germany

Doctoral scholarships are offered in partnership between Capes and DAAD to train high-level lecturers and researchers and to consolidate scientific cooperation between Brazil and Germany in all areas of knowledge.

MODALITIES and DURATION (Capes):

- Full Doctorate: up to 48 months
- Sandwich Doctorate: from 4 to 12 months when funded by Capes; 7 to 24 months if funded by DAAD.
- Sandwich Doctorate (joined tutorship): up to 18 months

REGISTRATION: Individual, must be made exclusively through the internet, at: http://www.capes.gov.br/cooperacao-internacional/alemanha/doutorado-capes-daad

2.16 GERMANY - BRAZIL - Capes-Humboldt Research Fellowship (Incoming, postdoc)

The programme is addressed exclusively to researchers from Brazil; All disciplines are included.

The research fellows selected will be mentored by the Alexander von Humboldt Foundation during their stay in Germany.

Two categories:

1) Postdoctoral researchers:

ELIGIBILITY: Submit an application if you are a scientist or scholar from Brazil with above average qualifications, at the beginning of your academic career and only completed your doctorate less than four years ago.

DURATION: 6-24 months in Germany.

Applicants choose their own topic of research and their academic host.

2) Experienced researchers

Submit an application if you are a scientist or scholar from Brazil with above average qualifications, completed your doctorate less than twelve years ago, already have your own research profile and a record of several years of independent academic work e.g. working at least at the level of Assistant Professor or Junior Research Group Leader.

DURATION: 6-18 months in Germany.

Applicants choose their own topic of research and their academic host. The fellowship is flexible and can be divided up into as many as three stays within three years.

2.17 HUNGARY - Fellowships in social sciences and humanities at IAS CEU

The Institute for Advanced Study at the Central European University (IAS CEU) offers the following fellowship opportunities in social sciences and humanities:

2.17.1 Junior/Senior Core Fellowships

Fellowships are available in all research areas of the social sciences and humanities, broadly defined.

Fellowships run for the full 9-month period (Oct-June), for the 3-month short fall semester (October-December), the 5-month fall semester (Oct-February) or the 6-month spring semester (Jan-June).

Eligibility: Applicants must hold a PhD or equivalent in the social sciences or humanities at the time of their application. Junior fellows must have obtained a PhD degree issued in 2011 or later. Candidates who obtained their PhD before 2011 are considered “senior” and must apply for the senior fellowship.

Each year 15 fellows from an average of over 400 applicants are selected.

Senior fellows receive 2,600 €/month and junior fellows receive 1,500 €/month to help support their stay in Budapest.
2.17.2 Fritz Thyssen Junior Fellowships

2,000 €/month fellowships are available in all research areas of the social sciences and humanities.

Fellowships run for the whole academic year (10 months, September 1- June 30) or for the Fall or Winter semesters (6 months, Sept 1 to Feb 28 or Jan 1 to June 30).

Junior fellowships are renewable for another year in exceptional cases and only after an external review process.

Applicants must hold a PhD or equivalent in the social sciences or humanities at the time of their application.

2.17.3 The Botstiber Fellowship in Transatlantic Austrian and Central European Relationships

Fellowships are available for all scholarly work related to the historical, political or economic, and cultural relationship between the United States and present-day Austria or the countries that historically make up the Austro-Hungarian or Austrian Empires and Central Europe.

Minimum of three months and a maximum of one academic year (9 months, October-June).

Junior fellows must have obtained a Ph.D. degree issued in 2011 or later. Candidates who obtained their Ph.D. before 2011 are considered “senior” and must apply for the senior fellowship.

Junior Fellows receive 2,000USD/month and Senior Fellows 2,800USD/month to help support their stay in Budapest. Fellows also receive a travel and a small research allowance but are responsible for their own healthcare provisions. Fellows from all programmes and their families receive housing at the Raoul Wallenberg Guesthouse.

Deadline for all 3 fellowship programmes: 5 October 2018

2.18 ITALY – Eisenhower Fellowship Programme at NATO Defense College in Rome

The NATO Defense College currently offers 8 fellowships each year in the field of defense and security policy research related to NATO and its partners. The objective is to promote research and policy analysis in areas of particular interest to the NATO Member States, as well as to countries that are part of the Partnership for Peace (PIP), Mediterranean Dialogue (MD) and Other Military Cooperation (OMC) / Partners Across the Globe (PAG) frameworks.

Each Fellow will receive between 10 000 euros – 14 000 Euros to be used for his/her stay in Rome and his/her travel expenses.

Each fellowship will last for 3 or four months, during which the fellow will be located at the NATO Defense College, in Rome, Italy.

Deadline: 1 September 2018
2.19 NETHERLANDS (KNAW) - Evert Willem Beth Foundation: funding for research and symposiums

The Royal Netherlands Academy of Arts and Sciences (KNAW) Evert Willem Beth Foundation funds some research and symposiums in the following disciplines: modern logic, philosophy of science, history of logic, history of the philosophy of science and scientific philosophy in general.

Students as well as researchers can apply. Continuous application.

2.20 NETHERLANDS (The Royal Netherlands Academy of Arts and Sciences - KNAW) - Visiting Professors Programme (VPP)

The Visiting Professors Programme enables outstanding foreign researchers to spend time working in the Netherlands. The programme acts as an incentive for Dutch science and scholarship.

The Academy funds a research budget and covers the Visiting Professor’s travel and accommodation expenses. The Dutch university acts as the host organisation.

KNAW members, researchers at KNAW institutes, members of KNAW’s De Jonge Akademie (Young Academy) and KNAW Academy Professors can submit nominations for a Visiting Professorship.

Next deadline: 1 October 2018

2.21 POLAND (FNP) - International Research Agendas (incoming)

This programme gives top scientists, irrespective of their nationality, the opportunity to create a research unit (innovative center of excellence) in Poland, which will conduct world-class R&D activities focused on a specific and timely scientific challenge.

Applications may be submitted by one or, in justified cases, two applicants from Poland or abroad.

Deadline: 29 June 2018

2.22 SPAIN - Ikerbasque Research Professors (incoming)

Ikerbasque - The Basque Foundation for Science offers 10 permanent contract positions for senior researchers willing to develop a long-term scientific career in the Basque Country.

The evaluation committee will only consider the strongest candidates with excellent leadership capabilities and an outstanding research record. Research Professors are expected to perform independent research. They should be capable of attracting competitive funding and establishing their own research groups. Applications from women are especially welcomed.

Eligibility:

- Researchers with a solid research track and leadership capabilities
- The applicants must have their PhD completed before January 2010
- For senior researchers willing to develop a long-term scientific career in the Basque Country
- At least two reference letters are mandatory

http://ec.europa.eu/euraxess
- Support letter from the host institution is mandatory

Deadline: 13 September 2018

2.23 SPAIN – COLOMBIA (ICETEX) Masters Scholarships for Colombians (Incoming to Spain)

2.23.1 Instituto Europeo de Posgrado (IEP)

Under the agreement signed with the ICETEX, IEP funds 50-100% tuition fees of its MBAs and international business related Masters programmes, for up to 63 Colombian students.

Duration:
14 months

Eligibility:
The programme is aimed at professionals in economics, administration, engineering or related areas, who work in public or private entities or who have professional experience in the areas of the programmes offered.

- Applicants must be between 23 - 65 years old;
- Have a minimum average of undergraduate grades of 3.7 / 5.0;
- Have at least 1 year of professional experience in the area of the programme to be performed,
- Have good physical and mental health

Deadline: 15 June 2018

2.23.2 Instituto de Educación Superior Intercontinental de la Empresa (IESIDE)

Under the agreement signed with the ICETEX, IESIDE funds 50-100% tuition fees of its MBAs and business related Masters programmes, for up to 8 Colombian students.

Duration:
15 months

Eligibility:
The programme is aimed at professionals in economics, administration, engineering or related areas, who work in public or private entities or who have professional experience in the areas of the programmes offered.

- Applicants must be between 25 - 30 years old,
- Have a minimum average of undergraduate grades of 3.7 / 5.0;
- Have at least 1 year of professional experience in the area of the programme to be performed,
- Have good physical and mental health

Deadline: 31 July 2018

2.23.3 Fundación EOI (Escola de Organización Industrial)

Under the agreement signed with the ICETEX, Fundación EOI funds 50% tuition fees of its Masters programmes in quality management, water engineering, renewable energy, sustainable development, and business excellence, for up to 95 Colombian students.

Duration:
10 months

http://ec.europa.eu/euraxess
Eligibility:
- Aimed at professionals in careers related to the master's programmes offered, which have been formally admitted on the chosen course.
- Applicants must be between 23 - 50 years old,
- Have a minimum average of undergraduate grades of 3.7 / 5.0;
- Have at least 1 year of professional experience in the area of the course

Deadline: **31 July 2018**

2.23.4 Universidad Francisco de Vitoria

Under the agreement signed with the ICETEX, Universidad Francisco de Vitoria funds 30-50% tuition fees of its Masters programmes including business, and health sciences, for up to **80 Colombian students**.

**Duration:**
10 months

**Eligibility:**
- Aimed at professionals in careers related to the master's programmes offered, which have been formally admitted on the chosen course.
- Applicants must be between 23 - 65 years old,
- Have a minimum average of undergraduate grades of 3.7 / 5.0;
- Have at least 1 year of professional experience in the area of the course
- Have good physical and mental health

Deadline: **13 July 2018**

2.23.5 Universidad Internacional de la Rioja

Under the agreement signed with the ICETEX, Universidad Francisco de Vitoria funds 50% tuition fees of its Masters programmes in all areas, for up to **25 Colombian students**.

**Duration:**
12 months

**Eligibility:**
- Aimed at professionals in careers related to the master's programmes offered, which have been formally admitted on the chosen course.
- Applicants must be between 22 - 65 years old,
- Have a minimum average of undergraduate grades of 3.7 / 5.0;
- Have at least 1 year of professional experience in the area of the course

Deadline: **12 July 2018**

2.24 SWITZERLAND (SERI/ University of St Gallen) – PhD and Post-doc mobility grants to Latin America (Outgoing)

The State Secretariat for Education, Research and Innovation (SERI) has mandated the University of St. Gallen to act for the period of 2017-2020 as Leading House for the bilateral collaboration with partner institutions in Latin America, and to explore new partnerships in the region.

---

**http://ec.europa.eu/euraxess**
The Mobility Grants aim to promote research in all Latin American countries and to support new cooperation endeavours in the region. This is the first Mobility Grants call in the period 2017-2020. Grants up to CHF 8,000 will be awarded to PhD students and Postdocs from Swiss institutions.

Eligibility:
Researchers enrolled in a PhD or Postdoc programme in any scientific discipline or field.
All researchers based in Switzerland of federal and cantonal universities, universities of applied sciences and universities of teachers’ education as well as public research institutions are entitled to apply.

Funding: Mobility Grants are up to CHF 8,000
Duration: Up to 3 months of stay.
All expenses must be justified and related to the proposed research activities. Third party contributions should be indicated.
A project report is due to 1 month after the end date of the research stay.
Time span to realise the research stay: December 2018 to December 2019
Deadline: 16 June 2018

2.25 SWITZERLAND (swissnex Brazil) - Academia-Industry Training Programme (AIT).
Swissnex Brazil in collaboration with the University of St. Gallen (CLS HSG), HSG Center for Entrepreneurship, the National Council for Scientific and Technological Development (CNPq) and the Brazilian Ministry of Science, Technology, Innovations and Communications (MCTIC), announce the fifth training camp for Brazilian and Swiss entrepreneurial researchers.
The AIT is a highly recognized program that connects promising researchers-entrepreneurs from Switzerland and Brazil with the industry to develop the market application of their high-level research. The program encourages international researchers to work together, share best practices, and to understand new markets and exploit synergies.
The training consist in two phases: 2 first training camps in Brazil (Rio and São Paulo, 26 to 30 November 2018); and a second training camp in Switzerland (April 2019).
Open to high-level Brazilian researchers (Master, PhD and Postdoc level) who want to transform their research into market innovations.
Deadline: 13 July 2018.

2.26 UK - Leverhulme Trust Visiting Professorships (incoming)
The Leverhulme Trust Visiting Professorships are awarded to UK institutions that wish to invite an eminent researcher from overseas for an extended stay in the UK to enhance the knowledge and skills of academic staff or the student body within the host institution.
Applications will be considered in all subject areas with the following exceptions: studies of disease, illness and disabilities in humans and animals, or research that is intended to inform clinical practice or the development of medical applications.
Applications must be made by a member of academic staff, based in a UK university or other higher education institution, who will be responsible for coordinating the visit. The host academic’s employing institution must also agree

http://ec.europa.eu/euraxess
to administer the grant, if awarded, and to provide appropriate facilities for the Visiting Professor.

The scheme covers maintenance, travel expenses and research costs. Visiting Professorships last for **between 3 and 12 months**. Applications are invited for a **minimum of £10,000 and a maximum of £150,000**.

**Deadline:** 11 October 2018.

**2.27 UK - Wellcome Trust Research Fellowships in Humanities and Social Science**

The Fellowship supports postdoctoral researchers in health-related humanities and social sciences who do not hold established academic posts.

The funding is targeted to researchers who want to carry out an extended period of research on their own project. Applications from either researchers in the early stages of their careers or more established researchers are accepted. You must have an **eligible sponsoring organisation** that will administer your fellowship for the full duration of the award.

An award will not usually be above **£275,000**. It should cover a basic salary (determined by your host organisation), personal removal expenses and research expenses.

**Deadline:** 6 July 2018

**2.28 UK - Newton Fund Latin America Biodiversity Programme**

**2.28.1 UK - ARGENTINA, BRAZIL (Sao Paulo), CHILE, MEXICO, and PERU - Newton Fund Institutional Links Grants - Biodiversity in Latin America** for established researchers (Outgoing from UK)

Led by the British Council, this call will fund research expeditions aimed at documenting biodiversity and its links with society in poorly studied areas of Latin American countries (LATAM) and building associated research capacity in LATAM countries.

**Partner Countries:**

Applications can be submitted for collaborations between Royal Botanic Gardens Kew or Royal Botanical Garden Edinburgh and **Brazil/Sao Paulo, Argentina, Chile, Mexico, and Peru**.

Only lead applicants from Royal Botanic Gardens Kew or Royal Botanical Garden Edinburgh will be considered eligible (closed call).

Each proposal will be presented by at least two Lead Applicants and must include **at least as many researchers from the UK as from LATAM countries**.

**Funding:** Up to £125,000

**Duration:** Up to 2 years

**Priority areas:**

- Understanding habitats and species
- Biodiversity for sustainable livelihoods and bio-economy
- Global Climate Change, Biodiversity and ecosystems
- Maintaining and restoring natural capital

[http://ec.europa.eu/euraxess](http://ec.europa.eu/euraxess)
Eligibility:

Principal Applicants from the UK must be permanent employees of the Royal Botanic Gardens Kew or Royal Botanical Garden Edinburgh. The Principal Applicants’ institutions (the ‘Lead Institutions’) must have the capacity to administer the grant. All Principal Applicants must be Leading Researchers or Established Researchers as defined by the EC.

To find a partner from any of the UK institutions involved in this call, please write directly to the appropriate person on page 5 here.

Deadline: 28 June 2018

2.28.2 UK (NERC) - ARGENTINA (CONICET), BRAZIL (FAPESP), CHILE (CONICYT), and PERU (CONCYTEC) – Biodiversity – ecosystem services for sustainable development

This call is supported by the UK through the Newton Fund and is only open to joint UK-Latin American (LATAM) applications, but not restricted to successful applicants in the Phase 1 call.

Applicants are invited to submit multilateral collaborative research proposals comprising eligible UK-based researchers and at least two participating LATAM countries (Argentina, Brazil, Chile or Peru). All proposals will be required to have a UK principal investigator, in addition to principal investigators from participating LATAM partner countries. Eligibility to apply is determined by each agency’s eligibility rules and the resources requested must also adhere to each agency’s guidelines.

Up to £4.5 million is available from NERC to support eligible UK based researchers, with the relevant LATAM funding agency supporting the LATAM researcher effort.

Projects can have a maximum duration of 36 months.

Deadline: 26 July 2018

2.29 UK (Medical Research Council - MRC / Newton Fund) – Brazil (FAPESP) – call for Neglected Infectious Diseases Joint Centre Partnerships

Funding for high quality collaborative Joint Centre Partnerships focused on addressing Neglected Infectious Diseases in Brazil. A joint center is not a physical entity, but rather an agreed collaboration and a way of working together, with the aim of enhancing existing partnerships and developing new collaborations between researchers from the State of São Paulo and researchers from United Kingdom.

MRC will make up to £3.5m funding available for this initiative, with equivalent effort matched by FAPESP.

Proposals may focus on, but are not limited to, the following disease areas:

- Vector borne viruses, including Dengue fever, Zika, Chikungunya, and Yellow fever;
- Rotaviruses;
- Parasitic Infections, including Leishmaniasis, Filariasis, Chagas disease, Schistosomiasis, helminth, and giardiasis;
- Emerging viruses;
- Water-borne diseases;
- Neglected Bacterial infections, including Leprosy.

http://ec.europa.eu/euraxess
In Brazil, researchers must be associated to higher education or research institutions in the State of São Paulo.

Deadline: 19 July 2018

### 2.30 UK – COLOMBIA (ICETEX) Masters Scholarships for Colombians (Incoming to the UK)

#### 2.30.1 University of Ulster

Under the agreement signed with the ICETEX, the University of Ulster funds 50-75% of its Masters tuition fees, for up to 22 Colombian students in the following areas:

- 2 scholarships of 75% tuition waiver for international business programmes, marketing or software development.
- 10 scholarships of 50% tuition waiver for international business programmes, marketing or software development.
- 10 scholarships of 50% tuition waiver for MBAs.

Duration:

12 months Masters

Eligibility:

The programme is aimed at professionals in economics, administration, engineering or related areas, who work in public or private entities or who have professional experience in the areas of the programmes offered.

- Applicants must be between 22 - 60 years old,
- Have a minimum average of undergraduate grades of 3.7 / 5.0;
- Have at least 1 year of professional experience in the area of the programme to be performed,
- Have good physical and mental health,
- Have good knowledge of English with a minimum score, academic IELTS: 6.0

Deadline: 31 July 2018

#### 2.30.2 University of Aberdeen

Under the agreement signed with the ICETEX, the University of Aberdeen funds 40% of its Masters tuition fee for 1 Colombian student in one of the following programmes: Msc in Post-Conflict, Justice and Peace building; Msc in Sex, Gender & Violence; Msc in Global Conflict and Peace Process.

Duration:

12 months Masters

Eligibility:

The programme is aimed at academics of the relevant programme subjects, who have been formally accepted to the Masters offered by the University.

- Applicants must be between 23 - 60 years old,
- Have a minimum average of undergraduate grades of 3.7 / 5.0;
- Have at least 1 year of professional experience in the area of the programme to be performed,
- Have good knowledge of English with a minimum score, academic IELTS: 6.5

Deadline: 11 July 2018

http://ec.europa.eu/euraxess
2.31UK (BBSRC / Newton Fund) - Mexico (3 partners) -
**Improving Mexican Crop Resilience to Abiotic Stress**

The UK Biotechnology and Biological Sciences Research Council (BBSRC), in collaboration with the Mexican partners:
- Science and Technology Council of Colima State (Cecytcol)
- Science and Technology Council of Jalisco State (Coecytjil)
- Science and Technology Council of Sonora State (Coecyt)

are selecting collaborative proposals on improving Mexican crop resilience to abiotic stress. The purpose of the call is to build on the combined strengths of academic research groups within the Mexican states and the UK to work collaboratively on research that will address the challenge of abiotic stresses relevant to and in Mexican crops.

Applicants are invited to submit bilateral collaborative research proposals comprising UK based researchers and researchers based in one of the three Mexican states; additional partners outside the lead state are possible but cannot request funding through this call.

Projects should be up to **three years in duration**.

**Deadline:** 19 July 2018

2.32UK (NERC / Newton Fund) – Peru (CONCYTEC) -
**Peruvian Glacial Retreat and its Impact on Water Security & Resilience to Natural Hazards**

Proposals are invited for a new collaborative research programme between NERC and the National Council for Science, Technology & Technological Innovation (CONCYTEC), which aims to provide an improved understanding of the rate of glacial retreat in Peru and the impact of this on water security and natural hazards.

Proposals are invited for collaborative research projects involving UK and Peruvian researchers. Up to £3m is available from NERC to support eligible UK based researchers, and up to S/ 9m from CONCYTEC to support Peruvian researchers.

Projects can be a **maximum of 34 months in duration**.

**Deadline:** 9 August 2018
3 Latin American and the Caribbean

3.1 BRAZIL (CONFAP) - Mobility Italy Project (Incoming and Outgoing)

The MCI project aims at facilitating and supporting effective collaboration between CONFAP and the Italian Network to further scientific, technological and innovation cooperation, through the mobility between the two countries of Master students (Mestrado and Laurea Magistrale students), PhD students, and postdocs. Support is offered in the form of Scholarship Awards (variable).

The call is open to PhD, Post-doc and Master students enrolled in Brazilian Universities and to PhD, Master and Post-doc students enrolled in Italian Universities that are in the network.

Mobility program duration ranges from 2 to 12 months for sandwich PhD, Post-Doc and Master and 3 years for full PhD.

Brazilian candidates have to be resident in Brazil, in one of the states whose State Funding Agencies (FAP) participate in the call. Candidates already living and/or studying in Europe will not be considered.

Italian candidates have to be enrolled or affiliated in one of the Italian University taking part to the network.

3.2 CHILE (CONICYT) - postdoctoral fellowship abroad (Outgoing)

Enables doctoral graduates in any area of expertise to start or continue their postdoctoral training at any institution of excellence abroad.

WHO? Chilean or foreign researchers with permanent residence in Chile who hold a doctoral degree with an acceptance letter from a foreign university or research centre to start or continue postdoctoral training.

Postdoctoral programmes may vary between 6 months and 2 years. Support is provided on an annual basis with the possibility of renewal up to a maximum period of study of two years.

After finishing the fellowship: It is required that the beneficiary return to Chile within a year of completing the fellowship programme for double the time of the fellowship duration (residents in the Metropolitan Region of Chile) or for a period of time equal to the duration of the fellowship (residents in other regions of Chile).

Deadline: 17 July 2018

3.3 COLOMBIA (ICETEX) – Fellows Colombia (Outgoing)

ICETEX (Instituto Colombiano de Crédito Educativo y Estudios Técnicos en el Exterior) offers financial support for the participation of international experts in events organised by Colombian higher education institutions, research centres and technological institutions wishing to strengthen their academic and
research programmes, and registered within the framework of the Reciprocity Programme for Foreigners in Colombia.

This programme fosters and strengthens the internationalisation and quality of higher education and technology in Colombia in **all areas of knowledge**. In the case of technological institutions: These must have programmes in the areas of **health sciences, agroindustry, mining, hotels and tourism**.

**Duration:**

The financing by the ICETEX is conditional on the duration of the expert's visit, which may not be less than 3 days nor longer than 3 weeks. In case the requested item is air tickets, the stay can last up to 6 months.

**Eligibility:**

The participation of the international expert should be directed towards specialisation programmes with a high level of research, or **Masters or PhDs in any area of knowledge**. The International expert must have permanent residence abroad and a high level of recognition from the international scientific community.

Next deadlines: **13 July 2018; 12 October 2018**

**3.4 COSTA RICA (CONARE) – GERMANY (DAAD): ALECOSTA MA and PhDs programmes (Outgoing to Germany)**

Based on an agreement between CONARE and the DAAD, university lecturers from the four universities Universidad de Costa Rica, Instituto Tecnológico de Costa Rica, Universidad Nacional and Universidad Estatal a Distancia receive funding to obtain further qualifications in Germany with scholarships for Master's and doctoral degrees.

**Eligibility:**

University lecturers from the Costa Rican universities Universidad de Costa Rica, Instituto Tecnológico de Costa Rica, Universidad Nacional and Universidad Estatal a Distancia

**What can be funded?**

Master's and doctoral degrees

**Duration:** 24 to 48 months

**Value**

Monthly scholarship payments

DAAD: travel allowance, initial language course, health insurance, research and study allowance, printing costs subsidy

**Deadline:** 31 August 2018

**3.5 MEXICO (CONACYT) – PECITI PhD abroad scholarships (Outgoing)**

PECITI (Programa Especial de Ciencia, Tecnología e Innovación) scholarships for full-time taught PhD programmes are offered to Mexicans to increase the scientific, technological and innovation capacity of Mexico and contribute to its development.

http://ec.europa.eu/euraxess
Areas: Natural and Exact sciences, Engineering, Environmental Sciences, Biotechnology, Agricultural sciences (agropecuaria), Health sciences, Society.

Duration: Up to 48 months
Deadline: 15 June 2018

3.6 MEXICO (CONACYT – FUNED) – Masters abroad scholarships (Outgoing)

FUNED (Fundación Mexicana para la Educación, la Tecnología y la Ciencia) scholarships for full-time taught Masters programmes are offered to Mexicans to increase the scientific, technological and innovation capacity of Mexico and contribute to its development.

Duration:
Up to 24 months
Deadline: 6 July 2018

3.7 MEXICO (CONACYT) – State Scholarships for Masters and PhDs (Outgoing)

CONACYT scholarships at state level for Masters and PhDs in the states of Mexico, Oaxaca, Cohahuila, Zacatecas, Quintana Roo, Nayarit, Sinaloa.

Areas: varying according to each state's criteria.

At least two of the three conditions have to be met: Candidates have to:
- Be born in the state funding the scholarship
- Have studied at the previous level in the state funding the scholarship
- Currently be living in the state funding the scholarship

Deadline: Varying according to each state's criteria.

3.8 MEXICO – (CONACYT- FINBA) – Scholarships for Masters and PhDs in Arts abroad (Outgoing)

INBA Foundation (Instituto Nacional de Bellas Artes y Literatura) scholarships for full-time taught Masters and PhD programmes are offered to Mexicans to increase the scientific, technological and innovation capacity of Mexico and contribute to its development.

Areas: Processes of environmental sustainability related to the management of Fine Arts; Engineering and technology processes related to the development of Fine Arts

Deadline: 20 July 2018
3.9 MEXICO (CONACYT) - Scholarships for Foreign Students in Mexican Postgraduate Programmes (Incoming to Mexico)

The National Council of Science and Technology provides scholarships to foreign students interested in studying a postgraduate degree in Mexico: doctoral, masters or speciality in all areas of knowledge.

In Mexico there are over 1,800 doctoral, masters and specialisation degrees accredited by the Mexican Postgraduate Quality Programme SEP-CONACYT (PNPC). Applicants should check the language of the postgraduate programme.

Eligibility:
- Be accepted and enrolled in a Mexican postgraduate programme registered in the PNPC, [http://svrtmp.main.conacyt.mx/ConsultasPNPC/inicio.php](http://svrtmp.main.conacyt.mx/ConsultasPNPC/inicio.php)
- Fill in Curriculum Vitae through CONACYT website [www.conacyt.gob.mx](http://www.conacyt.gob.mx) before sending the application request for the scholarship.
- Have a minimum average grade point of 7.8 (in a scale 10 to 0) in the immediate previous level of studies.
- Be a full time student.

Funding:
- Monthly stipend
- Possibility of obtain a short stay outside of Mexico (mixed scholarship) for CONACYT fellows in programmes registered at the PNPC.
- Medical service provided by the Institute for Social Security and Services for State Workers (ISSSTE)

Deadline: TBC

3.10 MEXICO (Magdalena Scholarships O. Vda. of Brockmann Foundation) for Masters studies abroad (Outgoing)

- For Mexicans wanting to study a master's degree of excellence abroad in all fields except Medicine, Architecture, Arts, Sports.
  The support consists of a 70% scholarship and 30% credit (without interest – credit repayable after returning to Mexico once the master's degree is completed).
- Be a Mexican under 30 years of age at the date of application.
