Declaration of Commitment
to the European Charter for Researchers and
the Code of Conduct for the Recruitment Researchers

Comrat State University represented by Rector Dr. Zinovia Aricova welcomes and supports the initiative of the European Commission concerning “The European Charter for Researchers” and “The Code of Conduct for the Recruitment of Researchers”.

We highly appreciate the importance of international cooperation in the academic and educational spheres for scientists and researchers. The participation in the promotion of Charter and Code will allow the scientists to study the international experience, interact with the foreign colleagues, motivate and support young scientists in the mobility among the researchers.

Our University commits to endorse the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers in order to involve the scientists and researchers in the process of making and developing their career more attractive, enhance the quality of research, strengthen the partnership and facilitate the international collaboration.

Rector of Comrat State University
