New Horizons: EURAXESS online.
EURAXESS has launched its new web portal making it even easier for researchers, entrepreneurs, universities and businesses in Europe and the rest of the world to interact with each other.

The revamped EURAXESS portal has been redesigned to create a user-friendly and personalised experience with a refined structure as well as new and improved features!

So what does the new EURAXESS portal have to offer? What’s new?
Responsive design

Whether you use your mobile, laptop, or desktop – the revamped EURAXESS portal has been designed to adapt to any type of device!
Broader target group

Neither a researcher nor a research institution/university, but an entrepreneur or business? Don’t worry, with the launch of the revamped portal, we have broadened our target group. We are now also addressing entrepreneurs and businesses.
Profiled info

The revamped EURAXESS portal provides registered users with matching collaboration, job and hosting opportunities.
Improved search functionality

Search made easy – the revamped portal’s improved search functionality allows you to scout information and funding opportunities with both free and pre-defined/facet search.
Find partners and collaborators!

Are you looking for a partner for your research project? Set up a EURAXESS account and search for research collaborators, be they individuals or research organisations/businesses. As a registered user, you will also be able to search for CVs.
Funding offers

Our funding database helps you find the funding programme you need for your mobility or research cooperation project! If you are a funding agency, post your offers here and make them available to thousands of researchers worldwide.
Hosting offers

Looking for a host for your European fellowship scheme? Research institutions will be posting their hosting offers on our new portal. Keen to host a Marie Skłodowska-Curie fellow at your own institute? Post your hosting offers on the EURAXESS portal.
Are you just starting out as a researcher? Gaining insights into different laboratories or the work of research institutions in your field is invaluable. At EURAXESS, you will find just the right internship opportunity.
Training resources

Supporting you in improving your career prospects as a researcher is important to us. That is why the new EURAXESS portal introduces a collection of research-related training resources. Make use of these resources and boost your career perspectives.

**Training for Researchers**

**InvestHorizon: online courses at your own pace, available on demand**

InvestHorizon offers a variety of free training courses on topics such as business & management, entrepreneurship, industry & technologies, equity investment. Particularly, at InvestHorizon you can find a massive collection of online courses on investment readiness, mechanics of investment and emerging sectors for investors, designed to prepare research entrepreneurs to maximise their potential to raise funding. Business support and presentational trainings for start-ups, early and growth stages companies are also available.

**on-course®: inspiring biomedical science**

on-course® is an industry and academia led course portal that is the most comprehensive and insightful biomedical postgraduate education and training resource in Europe.
Apart from online resources, EURAXESS offers a free service that your research institutions can use for researchers: dedicated staff in our EURAXESS Career Development Centres provides advice on career development opportunities. Both registered and unregistered visitors can search for the nearest EURAXESS Career Development Centre.
Register, subscribe and stay up to date
