Mentoring Programme
“Shape the future of a Researcher coming to Europe”

The programme Mentoring Programme “Shape the future of a Researcher coming to Europe” is open for researchers from all over the world and from any subject area, and encourages them to:

- establish an international collaboration with researchers that they ordinarily wouldn’t have access to
- share knowledge, skills, expertise and learn from each other’s experiences;
- gain valuable insight into how other research organisations work, and more.

Early-stage researchers can join as mentees and highly skilled researchers as mentors.

A detailed description of the Mentoring Programme and registration to it is accessible via:

Guide on Labour Market Integration of Refugee Researchers

Der Leitfaden bietet hilfreiche Informationen zur Integration geflüchteter Forscher/innen in den europäischen Arbeitsmarkt sowie Instrumente und Ressourcen für Mitarbeiter/innen in Wissenschaft und Forschung, die geflüchtete Forscher/innen betreuen.

Darüber hinaus findet man unter Services for refugee researchers in Austria auch weitere Informationen in Bezug auf den österreichischen Arbeitsmarkt sowie zu Hochschulbildung für Geflüchtete.
EURAXESS Hubs pilot project

Dauer: 12 Monate ab September 2021
Budget: 1 Mio. €
Koordinator: HU | Konsortium von 30 Partnerländern (u.a. OeAD)

The EURAXESS hubs are **integrated platforms for thematic cross-border collaboration** of EURAXESS Centres (ESC) and other stakeholders with a layered structure in which ESC will act as backbones: connecting and enabling their own and external partners’ competences providing services virtually both within or beyond the local ecosystem.
EURAXESS Hubs pilot project

Pilot hubs will be implemented and validated in three thematic areas:
• Novel **Skills** - Talent management in academia and the public sector
• Novel **Career Paths** - Researcher careers beyond academia
• Novel **Careers** - Scientific startup entrepreneurship

OeAD/Euraxess Austria - Task 2.3 **Gender** overview, learning and sharing

1. Creating a gender information overview on the talent hub for researchers and policy makers
2. Focus group with R1-R2 researchers (PhD students and Postdocs) from the participating countries in this task
3. Seminar/Webinar for PhD students and Postdocs and gender policy makers
EURAXESS Network Plan 2021

HOW TO JOIN EXTRANET TRAINER DATABASE

1. All EURAXESS network members are invited to consider their training capacity and experience in one or several of the expertise domains and their ability to deliver a training on the selected expertise to other network members. The EURAXESS network members can identify themselves as “Trainer” on EXTRANET under his/her EURAXESS Centre Member Profile.

2. A EURAXESS member willing to become a trainer selects the expertise domain from scroll down menu.
   - Mobility
   - Career Development
   - Intellectual Property Rights
   - Intercultural communication
   - Collaboration with industry
   - Gender equality
   - Open science
   - RRI
   - HRS4R
   - Dual career
   - Social integration for researchers and their families
   - Refugees
   - Portal management
   - Promotion and social media
   - Management of a national network
   - Other

Multiple topics (domains) are allowed to be selected and again deleted (similarly to the expertise in providing services).

3. Moreover, the network members indicating themselves as “Trainer” should upload their short trainer profile (pdf format) to support their expertise and relevant experience of delivering the training in particular topic/s. The recommended template is in the separate attachment.

Each EURAXESS EXTRANET member is responsible for the accuracy of information provided.

Once a EURAXESS member indicates the Trainer expertise in his/her profile, he/she will be automatically added to a database of trainers.

EURAXESS Annual Conference 2021 in Nantes

NOVEMBER 3, 4, 5

THE PHILOSOPHY OF WELL-BEING

A notion differing from “wellness” or “welfare”.

Well-being is increasingly thought of as a holistic notion, not only encompassing issues related to health but also including environmental, digital, and socio-economic concerns.
Virtual Co-Lab

CO-LABS

Co-Labs are private spaces for collaboration.

You can create a new Co-Lab on the topic of your choice. Add new participants anytime you want, even non-Extranet members. Participants can create new posts, reply to comments and upload documents.

Alternatively, browse through the list of Co-Labs and request access to the Co-Lab that matches your interest.
