Funding opportunities

Dear Colleagues,

Our way to get information to you has changed!

In a move to update both how and with what frequency you receive information on events and services, as well as news regarding developments within European research and policy circles, we have adopted a new set of formats.

Replacing the monthly newsletters, “flashnotes” —brief, timely news flashes designed to inform community members of upcoming events and activities—will be delivered directly to members’ electronic mailboxes on average four times a month.

Besides flashnotes, members will soon also receive information related to funding, jobs and more in the realm of research and science only once every quarter, in the form of quarterly newsletters.

All the information previously contained in the newsletter will now appear online on our website.

A EURAXESS portal will be launched later this year. Upon its launch, you will then have access to many new user-friendly and useful tools!

However, until the new portal is launched, we will continue to publish a compilation of open calls to fund researchers’ mobility and cooperation with European teams on a regular basis.

The grants & fellowships listed below are funded by the European Commission, EU Member States or Brazilian authorities.

We hope this list will help you turn your interest in research mobility into a reality.

1.1 Selection of Horizon 2020 Calls of potential interest for Brazil by Confap

Access all open calls on the Horizon 2020 Participant Portal.

In order to encourage the participation of Brazilian researchers under Horizon 2020 calls, the Brazilian National Council of State Funding Agencies (CONFAP) listed potential calls of interest for EU-Brazil cooperation.

Calls cover the timeframe of 2016 to 2017 and are divided following Horizon 2020's priorities: Excellent Science; Industrial Leadership; Societal Challenge, and the respective sub-programmes.

For technical issues related to the contents of the calls and for networking support, please contact: horizonte2020confap@gmail.com

1.2 European cooperation in science and technology (COST) call for proposals

COST is an intergovernmental framework for European Cooperation in Science and Technology, supporting the coordination of nationally-funded research. It aims at reducing the fragmentation in European research investments and opening the European Research Area (ERA) to cooperation worldwide. It anticipates and complements the activities of the EU Framework Programmes.

COST Actions are a flexible, fast, effective and efficient networking instrument for researchers to cooperate and coordinate nationally funded research activities. COST Actions allow European researchers to jointly develop their own ideas in any science and technology field, including Humanities and Social Sciences. Multi- and interdisciplinary proposals are encouraged.

Participation in COST actions is open to International Partner Countries, among which is Brazil, on the basis of ascertained mutual benefit.

1.3 EURAXESS Jobs

There are currently around 6000 research jobs and fellowship programmes (all over Europe, but also in other countries such as in Brazil and in all disciplines) announced on the EURAXESS Jobs database. Opportunities can be viewed by country, level of seniority, field or research or via free text searches. Please note that these jobs also include doctoral fellowships.

2.2 AUSTRIA - Etta-Becker-Donner Scholarship Programme

The fourth call of the Etta-Becker-Donner Scholarship Programme – financed by the Austrian Ministry for Science Research and Economy (BMWFW) – aims to support the participation of Latin American researchers in scientific conferences in Austria and to strengthen contacts between research institutions in Austria and Latin America.

WHAT? The scholarship holders visit research institutions of their thematic interest to explore possibilities for joint future collaborations. Thus, scientific exchange can even be stronger supported. The scholarship covers costs up to a total amount of € 2,600 for travel (economic class) and subsistence in Austria (up to 10 days).

WHO? Researchers from Latin America and the Caribbean matching the following criteria (amongst others):

- Be a researcher from Latin America and the Caribbean
- Have a postgraduate level or at least three years of research experience (full time)
- Be a member or an employee of a research institution and/or a higher education institution and/or a SME which dedicates its work to research

Deadline: 11 March 2016. For any question contact directly Stephanie Mayr: stephanie.mayr@lai.at.

2.3 BELGIUM (Flanders) – FWO opportunities

The FWO-Vlaanderen is the funding agency of Flanders for research performed at the universities in Flanders.

- Travel Grant for a long stay abroad between 1 and 12 months. WHO? Students or researchers at one of the universities in the Flemish Community or scientific staff of a federal or Flemish scientific institute or university hospital. Submission deadline: no later than 3 months before departure.

PEGASUS² Marie Skłodowska-Curie Postdoctoral Fellowships

- [PEGASUS]² INCOMING Postdoctoral fellowships

WHO? postdoctoral researchers (Belgians and non-Belgians) who obtained their PhD no more than three years ago.
• [PEGASUS] OUTGOING Postdoctoral fellowships

WHAT? Outgoing fellowships with a duration of three years intended for postdoctoral researchers of the Flemish Community who wish to carry out research at a foreign research institution or company the first two years of their fellowship, and return to the Flemish Community the third year of their fellowship in order to continue their research activities at the Flemish host institution to which the fellow is affiliated during the entire 3-year fellowship (obligatory return period!).

Deadlines: 1 May 2016.

2.4 FRANCE - Post-doctoral research visits at Inria

All year long, the French Institute for Research in Computer Science and Automation (INRIA) organizes post-doctoral research visits for individuals of all nationalities holding PhD. Particular attention will be paid to French and international candidates who have studied their PhD abroad. Rolling basis

2.5 FRANCE-GERMANY - Doctoral Fellowship at the Max Planck-Sciences Po Center

The Max Planck Sciences Po Center on Coping with Instability in Market Societies invites applications for doctoral fellowship to be undertaken in Paris, France, under the supervision of Prof. Jenny Andersson or Prof. Olivier Godechot

WHO? international students with Master’s degree in sociology or political science, with additional training in related field such as economics, history, management, or philosophy. No nationality requirement.

Deadline: 15 March 2016

2.6 UK - Newton International Fellowships (incoming)

The Newton International Fellowships are available through the Newton Fund which is part of the UK’s official development assistance.

WHAT? Incoming fellowships to work at UK research institutions for a period of two years.

The scheme covers a broad range of the natural, physical, and social sciences, and the humanities.

WHO? Open to early career post-doctoral researchers from Brazil, among others (with a PhD and no more than seven years’ active full time postdoctoral experience). Applicants need to have agreed a research project with their proposed UK host organisation before they apply.

2.7 BR (Confap) - UK- Newton Advanced Fellowships (incoming)

WHAT? Newton Advanced Fellowships provide established international researchers with an opportunity to develop the research strengths and capabilities of their research group through training, collaboration and reciprocal visits with a partner in the UK. Newton advanced fellowships support researchers across the natural sciences, medical sciences, social sciences and humanities.
WHO? Researchers from Brazil (PhD with no more than 15 years of postdoctoral experience) with a permanent or fixed-term contract in an eligible university or research institute, which must span the duration of the project. Collaborations should focus on a single project involving overseas-based scientist (“the Applicant”) and UK-based scientist (“the Co-applicant”).

Deadline: 2 March 2016.

2.8 UK (Royal Society) - Newton Mobility Grants

WHAT? Three months to one year support for international researchers based in Brazil, amongst other countries, to establish and develop new collaboration collaborations with leading scientists in the UK through either a one-off visit or bilateral travel. The main purpose of the funding is to cover travel and maintenance costs.

Social sciences and humanities, natural sciences and engineering disciplines are covered.

WHO? Both a UK-based applicant and an overseas-based applicant are required for this scheme. Both applicants must have a PhD or equivalent research experience and hold a permanent or fixed-term contract in an eligible university or research institute, which must span the duration of the project.

Deadline: 2 March 2016.

2.9 UK – aprox. 100 Leverhulme Early Career Fellowships

WHAT? 50% of each Fellow’s total salary costs up to a maximum of £24,000 per annum during three years, the remaining part being paid by the host institution. Given the prestige of the awards each Fellow may request annual research expenses of up to £6,000 to further his or her research activities.

WHO? candidates with a PhD or equivalent research experience obtained no more than 5 years prior to the time they take up the Fellowship.

Deadline: 10 March 2016.

2.10 UK - Leverhulme Trust Visiting Professorships

The Leverhulme Trust Visiting Professorships are awarded to UK institutions that wish to invite an eminent researcher from overseas to enhance the knowledge and skills of academic staff or the student body within the host institution.

Applications in all subject areas are considered with the exception of clinical and pharmaceutical research.

The scheme covers maintenance, travel expenses and research costs. Visiting Professorships can last for 3 to 12 months.

WHO? Applications must be made by a member of academic staff, based in the UK. The host institution must agree to administer the grant, and to provide appropriate facilities for the Visiting Professor.

Deadline: 12 May 2016.
3 Brazil

3.1 BRAZIL – CAPES School of advanced studies

The School of Advanced Studies (Escola de Altos Estudos, EAE) funds the incoming mobility of prestigious foreign teachers and researchers to hold monographic courses in Brazil. The programme aims to support the internationalization of post-graduate programmes of Brazilian institutions.

WHO? applications must be submitted by post-graduation programmes, individually or in consortium.

Deadline: 30 November 2016.

3.2 FAPESP, FAPERJ and CNPq fund Brazilian participation under the ERANet-LAC second Joint Call on Research and Innovation –

The aim of the ERANet-LAC Joint Calls is to start new, sustainable and multilateral research cooperation between researchers from EU Member States and/or Associated Countries, Latin-American and Caribbean countries.

WHAT? Within the framework of the 2nd ERANet-LAC Joint Call, transnational research and innovation projects will be funded for a period of up to 36 months.

Topics will be derived from the thematic areas Biodiversity/Climate, Bioeconomy, Energy, Health and ICT.

WHO? Each participating funding institution will apply its individual national/regional funding regulations. Applicants should therefore, before the submission of a proposal, check the national/regional regulations of their funding organisations.

Two Brazilian funding organisations which wish to foster new, sustainable and multilateral research cooperation between researchers from both regions already confirmed their participation. FAPESP launched a call open to researchers based in the São Paulo state. The call is available here. CNPq will also fund Brazilian researchers after approval of their joint project under the global ERANet-LAC call. FAPERJ participation is still to be confirmed.

Deadline: 10 March 2016.

3.3 BRAZIL – NORWAY – CAPES-SIU programme

The CAPES-SIU Programme is a bilateral cooperation between the Norwegian Centre for International Cooperation in Education (SIU) and the Brazilian Federal Agency for Support and Evaluation of Graduate Education (CAPES). It aims to strengthen the cooperation between higher education and research institutions in Brazil and Norway, to increase the mobility of students and academic staff, and to promote a close integration between higher education and research activities, in all academic fields.

WHAT? Funding for a two-year period, with the possibility of applying for financial support from SIU and CAPES for an additional two-year
period. CAPES funds the Brazilian project participants, supporting work missions and study missions in Norway.

In 2016, Capes won’t launch specific calls but will still receive support requests under its general international cooperation programmes PGCI.

Deadline: 31 May 2016

3.4 BRAZIL – GERMANY – Capes-Humboldt Research Fellowship

The Capes-Humboldt Research Fellowship Programme is a joint fellowship programme of the Alexander von Humboldt Foundation and Capes.

The programme is addressed exclusively to researchers from Brazil. Applications must be submitted to Capes.

- Capes-Humboldt Research Fellowship for postdoctoral researchers

WHAT? Support to carry out a long-term research project (6-24 months) that is selected by the fellows in cooperation with an academic host at a research institution in Germany.

WHO? The fellowship is open to researchers from Brazil with above average qualifications who are at the beginning of their academic career and who have completed their doctorate in the last four years.

- Capes-Humboldt Research Fellowship for experienced researchers

WHAT? Support to carry out a long-term research project (6-18 months) that is selected by the fellow in cooperation with an academic host at a research institution in Germany.

WHO? For researchers from Brazil with above average qualifications who completed their doctorate less than twelve years ago and work at least at the level of Assistant Professor or Junior Research Group Leader, or have a record of several years of independent academic work.

Applications to Capes can be made at any time during the year.
